

Anything Goes
Audition Sides

For your audition you will select one of these characters to perform. A second character will be selected for you at the audition.

MOONFACE MARTIN

Aw, this place ain't so bad. Were you ever in jail? Let me tell ya – You know your problem kid? You ain't got no philosophy. Life has taught me to think positive. It's like Dillinger once told me: "Remember, it's always darkest just before they turn on the lights."

RENO SWEENEY

How long are you going to keep up this stupid act? You're in love with him -- why don't you just admit it? He may want you now, but he's not going to stick around forever. Half the women in New York are crazy about him. Why, just the other night one of the best-looking dames I know practically proposed to him. It was me.

BILLY CROCKER

I'm in a mess. I'm gonna lose my job – all because of some darn dame! What? Are you saying she's out of my league? You're right. I can see it now. Guys like me deliver her groceries, they don't walk her down the aisle. Besides, she's engaged – to some English guy. An earl or something.

HOPE HARCOURT

You're being terribly bad, Billy. Why, we hardly know each other. We met one night at a party. We danced a little. We went to that cafe down by the docks. We talked about going to California, getting married...oh Billy, that was a fantasy! Things like that just aren't done. I'm marrying Lord Evelyn. Nothing can change that.

LORD EVELYN OAKLEIGH

What ho, it's Reno Sweeney! I say, I am Lord Evelyn Oakleigh. Might I have your autograph? Do you know, I spent the most smashing evening at your club. "Lawdy, lawdy! Saints preserve us!" Your singing stirred me into a frenzy! I think you're the – (*checks his notes*) – rats pajamas! The absolute flea's knees!

MRS. HARCOURT

Cheeky! Cheeky! Where is that dog? Do make yourself useful and see if you can't find my poor little Cheeky. The ship is sinking? THE SHIP IS SINKING!! Do I have time to go back fro my jewelry? Where do I go? Where is the lifeboat? CHEEKY!! That sailor told us...THE SHIP IS SINKING!
